

Shared Learning and Community Digital Inclusion through telecentre services project

Case study for best practice telecentre service / activity

(Presentation format)

Name of the telecentre:

Contact person:

Contact data (e-mail, web site / Facebook page if existing)

Name of the service / activity: Distance education language teaching

Description of the service / activity:

Main beneficiaries of the activity (please tick one or several appropriate choices):

<input type="checkbox"/>	Children	<input type="checkbox"/>	Unemployed
<input type="checkbox"/>	Youth	<input type="checkbox"/>	Ethnic groups
<input type="checkbox"/>	Seniors / Elderly	<input type="checkbox"/>	Farmers
<input type="checkbox"/>	Women	<input type="checkbox"/>	Other (name)
<input type="checkbox"/>	Employed	<input checked="" type="checkbox"/>	Working men

When did the service / activity started?

What was the need that was addressing? How was the need identified?

How was the service / activity prepared? Was there a piloting phase before the official start?

What was the feed-back of the beneficiaries? How was it expressed?

Are there currently any plans for expansion / further development of the service / activity?

Thank you!
